**UPDATE:** Our "Porch Pickup" service has begun. Staff will be on hand for this service on Monday, Wednesday, and Friday from 10:00 AM to 2:00 PM. You can put books on hold through the PINES app, or call us at (706) 376-4655 to request a book (or books) or other materials. The library building is still closed, but you tell us when you can pick the books up and we'll check them out to you and have them waiting in the library vestibule for you to stop by.

**REMINDER:** We're hoping to expand to having the building open -- in a limited way -- beginning May 27th. We'll be posting details soon. I can confirm that -- for the safety of the staff and you and your fellow patrons -- we'll be limiting the number of people allowed in the building at one time, and masks will be required. Thanks for your patience!
