

HART COUNTY LIBRARY – SEED LIBRARY PROJECT

- The Seed Library cart is located near the circulation desk.
- Seeds are free, but we do ask patrons to leave their names and the number of seed envelopes they take, simply for statistical purposes.
- Seeds are available seasonally, and are largely from donations, so we may not have a particular seed you need. Please remember that, as far as we know, the seeds are all in good condition, but we cannot make any guarantees about growth or yields. *
- Please let us know if you have any questions or comments.

Startup funds for the Seed Library Project were made possible with a grant from the Georgia Soil & Water Conservation Commission (Jennifer Standridge – Northeast Georgia Conservation District Manager) and the Friends of the Hart County Library.
