

TEEN IPHONE PHOTOGRAPHY CLASS AND REGISTRATION IN THE TEEN PHOTO CONTEST

Take your smartphone photo taking to the professional level with this Introductory class on how to capture stunning photography with the camera that everyone has with them at all times. Instruction will include other cameras.

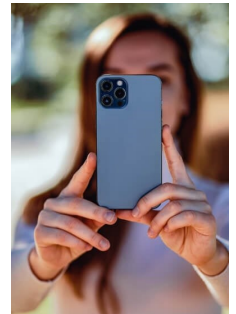

This introductory course taught by Stephanie Crump will provide tips and techniques to perfect Composition, Lighting, Subject and Post Photo Editing with built in editing functions on the iPhone. Students will leave with new knowledge on functions of the built in photo app on your iPhone and ability to start capturing better photos. Please bring your Smartphone to class.

October 11th from 10am—Noon
